

WARWICK FARMS DISPERSION

to be held

Tuesday, March 26, 1957

MOUNT JOY, PENNSYLVANIA

Warwick Farm Shorthorns have made wonderful show ring records. Only in a dispersion sale would you have an opportunity to purchase these great blooded foundation brood matrons and their promising offsprings.

1957 - Pennsylvania Farm Show. The records were equally as good if not better than the two previous years.

65 LOTS — 5 BULLS and 60 FEMALES

You will find Shorthorn pedigrees that sparkle with the blood of the breed's most noted sires. Only in a dispersion will you find such quality to add to your herds, or start a new herd.

To Be Held At, Hi Ho Farms, Phoenix, Maryland.

Monday, March 25, 1957.

Terms and Conditions

1. The terms of this sale are cash.
2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for at the farm for a maximum of five days and loading on trucks free of charge but at purchaser's risk of loss or injury.
3. The Warwick Herd is certified for Bang's Disease with Certificate No. 21901. The herd is also accredited for Tuberculosis with Certificate No. 561372. This will make possible the easy delivery of cattle to all states. As a further precaution, all herd bulls will be tested for Bang's Disease and Tuberculosis within 30 days of the date of the sale and all females over 15 months of age will be tested for Tuberculosis and Bang's Disease within 30 days of the date of the sale. Calfhood vaccination for Bang's Disease has been practiced regularly in the Warwick herd. Health certificates will be furnished for each lot.
4. Certificates of registry with transfers entered and recorded in the buyer's name will be furnished with each lot sold and properly signed applications will be furnished for the registry of all calves at foot and all unborn calves.
5. The Warwick Herd is backed by an enviable reputation gained through good management and honest business practices. The pedigrees are correct and the cattle are healthy. Nearly every cow in the herd either has a calf in the sale or at foot, or shows every evidence of being well forward in calf. All females of breeding age will be examined for pregnancy ten days prior to the sale and the results of these tests will be made public. Any known faults will be clearly announced on sale day. As this is a dispersion sale, no guarantee will be given.
6. Announcements from the auction box will take precedence over printed matter in the sale catalog. Breeding sheets will be made available sale day.

LIABILITY—The above terms and conditions shall constitute a contract between Warwick Farms, the seller, and the buyer of each lot. Neither the individual designated as sale manager, the clerk, or auctioneers, assume any liability, legal or otherwise. The sale manager was retained by the owner for specific tasks, promotional and clerical, and has nothing to do with the condition of the premises or the handling of the cattle. Accidents at cattle sales are rare, but every person attending must do so at his own risk. The owner will make every effort to provide for the comfort and safety of those attending.

Selling Lot 17

1956 Grand Champion

This is a large herd, maintained on a thoroughly practical basis and under conditions that assure good health and rapid production. Never has the cow herd been kept in high flesh. The decision to disperse came suddenly. No attempt to fit the cattle will be made. They are in average farm condition. The herd bulls are nationally known and each has been running with a group of cows. Approximate pasture breeding dates will be announced. There are GOLDEN OPPORTUNITIES in the dispersion of this large herd for breeders who will seek out rare bargains and for commercial operators who will recognize excellent utility cattle with size, bone, substance and rapid producing ability.

★**WARWICK FLYING FORTRESS 2656-095.** Our senior herd sire is a real breeder, as our show placings prove. He has never placed lower than second in any of the shows in which he has been entered. He was Grand Champion Bull at the Pennsylvania Farm Show in 1953, 1954 and 1955, and is the sire of most of our show string. He was also Grand Champion Bull at the York Interstate Fair in 1954 and second in his class at the 1954 Eastern National. Selling in his working clothes. Look at him and see his outstanding calves.
